CHEM

FUTURE CHEM
INTERNATIONAL

FutureCHEM INTERNATIONAL is the international exhibition and conference platform dedicated to driving the transformation of the chemical industry toward a sustainable and innovative future. The show focuses on bridging chemistry, technology, and sustainability, highlighting the crucial role of the chemical sector as a key enabler of the Circular Economy and global sustainable development.

Energy & Petrochemical

- Paraffin and petroleum product additives
- Petrochemical products
- Condensate
- Light hydrocarbons
- Solvent

Cosmetic Ingredients

- Active Ingredients
- Base Ingredients
- Adjuvants
- Colorants, Dyes and Pigments
- Laboratory Instruments

Chemical Engineering and Equipment

- Refining complete process engineering technology & key equipment
- Drying
- Separation and filtration equipment
- Analysis and testing equipment
- Laboratory Instruments

New Chemicals Materials

- Organic fluorine/ Silicone materials
- Bio-based materials
- Engineering plastics
- Modified plastics
- High-performance materials

Storage and Transportation

- Chemical logistic companies
- Storage equipment
- Tank design and engineering
- Professional warehouses
- Hazardous chemical logistics technology and equipment

Chemical Safety and Environmental Protection

- Chemical environmental protection technology
- Solid waste treatment
- Environmental engineering and comprehensive solutions
- Safety monitoring and emergency prevention and control technology
- Explosion-proof electrical and equipment

Chemical Packaging

- IBC ton barrels
- Plastics barrels
- PE valve bags
- Paper plastic composite bags
- Liquid bag
- Container inflatable bags

Basic and Fine Chemicals

- Inorganic and organic chemical
- Raw materials
- Compounds chemicals
- Active carbon
- Acid and soda
- Electronics chemicals
- Chemical reagents
- Water treatment chemicals
- Plastics additives
- Special Chemicals

Total Visitors

2,172

Top 5 Visitor Countries

Thailand

China

Japan

India

Singapore

Visitors by Industries

- Specialty Chemicals & Products
- Paints & Coatings
- Research and Development
- Petrochemicals & Basic Chemicals
- Pharmaceuticals
- Others

Top 6 Products

Visitors are Interested in

- Chemical Analysis Instruments
- Chemicals
- Lab Safety
- General Laboratory Equipment
- Lab Supply
- Sample Preparation Instruments

Visitors by Job Functions

- Research & Development
- Sales & Marketing
- Business & Management
- Engineering & Technical Professions
- Operations & Production
- Healthcare & Life Sciences Personnel
- Media & Communications

Visitors by Business Sectors

- Manufacturer
- Dealer/ Distributor/ Trader
- University/ Research Institutes
- Government/ Government Agency
- Startup Company
- Association
- Funding Agency/ Venture Capital
